Here are two draft slide decks. Chloroprene is for the earlier meeting and the PFAS assessments is for the SAD meeting. Also – I added two images for the SAD meeting regarding the IRIS track updates for steps 3 and 6 (see below).

Hopefully, she gets access to her laptop though lol

Honestly, probably not. I just remembered that she is working from her cell phone today. But for the next SAD meeting, I think that she should be able to review the materials before hand.

I can share my screen? Is there any chance Samantha looks at it before the meeting?

One more SAD topic... PFAS Peer Review Logistics Timeline

I have a feeling we don't have a enough time, but let's see.

Maybe we can chat about it at the SAD meeting today if there is time.

P.S. I've responded to Vicki's questions/comments.

Kris – Do you think creating a chloroprene-like timeline slide would be helpful for Jennifer and the IOAA? (Andrew – See slide 2).

Hi Andrew/Kris – I quickly pulled a table together that outlines the peer review steps over the next 9 months or so for PFBA. Take a look and let me know if you have any comments. I also drafted an FRN that we will eventually need to release (Step 2) in the attached table).
